## Product Description :

Colour: **Pink**

Easy operability and reliable high-quality Canon performance are reasons enough to carry the IXUS 132 everywhere. You will fall in love with the attention-getting quality of the camera's distinctly sophisticated modern design. Choose from silver, blue and pink.

### IXUS 132

Superb images, IXUS style with 8x zoom

Stylish metal-bodied IXUS in four stunning colour.

Combining sleek IXUS styling with simple point and shoot operation, the 16 Megapixel IXUS 132 features Smart Auto, selecting the perfect photo or HD movie setting for every scene; and an 8x optical zoom with Intelligent image stabilizer for sharp detailed photos and HD movies.

#### Key Features

- Stylish metal-bodied IXUS in four stunning colours
- 8x optical zoom, 28mm wide-angle lens gets you closer; 16x Zoom Plus
- 16.0 Megapixels for highly detailed large prints and easy cropping
- Optical Image Stabilizer with Intelligent IS keeps photos and movies sharp and detailed
- Smart Auto (32 scenes) for point and shoot simplicity
- HD movies (720p) and movie button to instantly capture all the action
- 6.8 cm (2.7") LCD (230k) for easy viewing and sharing
- Fun and creative modes: Miniature, Fish-Eye and Toy Camera Effect
- Eco mode gives more shots per battery charge

## **Stylish IXUS in four colours**

The IXUS 132 has a beautiful slim and stylish metal body that's small enough to take everywhere. Available in four stunning colours.

Smart Auto (32 scenes) for point and shoot simplicity

## **Smart Auto (32 scenes)**

Effortlessly shoot high quality photos or movies with Smart Auto, which detects the scene and automatically selects the optimal settings from 32 variables.

## **Get closer: 8x zoom lens, 28mm wide-angle**

Use the 8x optical zoom to get closer to distant subjects or get even closer with 16x Zoom Plus - an advanced zoom technology with more visible detail and sharpness than a conventional digital zoom. Fit more in the frame with 28mm wide-angle for sweeping landscapes and great group shots.

16 Megapixels for highly detailed large prints and easy cropping

## **16.0 Megapixels capture fine detail**

Capturing all the detail from the genuine Canon lens the 16MP sensor delivers superb quality images that are perfect for large-scale prints (A3+) or creative cropping.

## **HD movies (720p) with movie button**

Instantly record high quality HD movies (720p) with optical zoom by simply pressing the dedicated movie button.

## **Intelligent Image Stabilizer for sharp results**

Intelligent Image Stabilizer combats camera shake to ensure all your photos and videos are sharp and detailed even at full zoom or in low light. It automatically adjusts the optical Image Stabilizer to the scene from multiple modes to prevent blur.

## **6.8 cm (2.7") LCD Screen**

A bright and clear screen (230k dots) lets you frame and view your shots with ease and makes sharing them with friends a pleasure.

## Fun and creative modes

Experiment and have fun with a range of creative modes. Use Fish-eye Effect to re-create fish-eye lens distortion, Super Vivid to boost colour saturation, retro Poster and Toy Camera Effects or Monochrome. Miniature Effect makes scenes in stills or movies look like miniature scale models.

## Eco mode

Eco mode reduces battery consumption allowing you to capture more shots from a single battery charge.
