## Product Description

The PowerShot S200 camera puts the world in your pocket with superb imaging, easy wireless sharing and touch-screen convenience. Newly expanded built-in Wi-Fi is a snap to set up, it lets you post to Facebook, Twitter, YouTube and Flickr, send to email, and share easily with your tablet, smartphone, networked PC and wireless PictBridge certified printer. Step up to a new level of image quality with a 10.1 megapixel high-sensitivity CCD sensor and DIGIC 5 image processor that together create the Canon HS system, delivering rich natural color and beautiful clarity even in low light. Shoot with great definition at ISO speeds from 80 to 6400, and capture brilliantly realistic 720p HD video. The camera's bright f/2.0 lens captures the subtle nuances of low light. Experience incredibly quick full resolution continuous shooting with High Speed AF that focuses nearly the moment the camera is pointed. Operation is highly intuitive with a clear 461,000-dot 3.0-inch touch panel LCD screen. Intelligent IS prevents blur in any situation.
