Color:	White

Overview:

Saver mode is a feature developed by Hitachi, based on ImageCare technology, that reduces the projector lamp brightness and consumption power, resulting in considerable energy savings. You can set the saver mode time from one to thirty minutes, and if the projected image does not change in that time, saver mode activates. Saver mode can also be activated manually.

Now make your presentations more inspiring than ever before with new Hitachi CP EX250 LCD Projector. It is evolved to fulfil extreme demand of modern business and education. It is suitable for portable usage and it comes with Hitachi's latest energy saving features. With this device you will experience amazing quality of flawless presentation with user-friendly settings.

Design and Dimensions:

Hitachi CP EX250 comes with a powerful Air Filter that lasts up to 2000 hours, longer than other conventional filters. This compact device has a sleek and slim frame that measures 320 x 245 x 85 mm (W x D x H) including feet and extrusions and it weighs about 2.9 Kg.

Display Features:

The projector sports three 1.6 cm P-Si TFT LCD panels with XGA resolution of 1024 x 768 pixels. The system has brightness of 2700 ANSI Lumens in Bright Mode and 1800 Lumens in Normal Mode. The Lens has Manual Focus and 1.2 x Manual Zoom. It has Throw Distance of 2.2 – 9.3 m and Image Size of 152 – 762 cm. It allows basic but essential functions like Freeze, Magnifying, Blank, Auto Signal Search, Auto Eco Mode etc. For best quality picture adjustments, it offers Aspect Selection (video, data, HDMI), Equalizing Digital Gamma Correction, Equalizing Colour Temperature Adjustment, 2-3 pull down for NTSC, Mirror Reverse Image, Noise Reduction, Progressive Scan and Over Scan. The Lamp life withstands up to 5000 hours in bright mode and 6000 hours in normal mode.

Audio Features:

To match the high visual capacity of CP EX250, Hitachi has incorporated a 1.0 W Mono built-in speaker for clear sound.

Connectivity:

The projector comes with many useful connectivity options like Digital Input, Computer Input, Monitor Input, Video Input, Audio Input and Audio Output

Noise Level:

It has nominal Noise Level of 29 dB (Normal Mode) and 37 dB (Eco Mode).

Any Other Features:

Hitachi CP EX250 offers Vertical Keystone Correction, System securities like Security Bar, PIN-Lock, MyScreen password, Key Lock, Direct Power ON/OFF with Auto Off facility. The unit is supplied with a Remote Control, Batteries (HL02881), Computer Cable and Power Cord.
